6. Should the Union at any time decide on conducting or participating in a musical festival, the admission of subscribers shall be suspended at any time, and for such period as the council may determine; and the proportion of current subscriptions then applicable to any of the four concerts to which subscribers have the right of admission, shall be repaid.

EXPLANATIONS RELATIVE TO THE FOLLOWING TABLE OF COLONIAL AND FOREIGN POSTAGE.

Ea.	Each.	M. & E.	Morning & Evening.
Fri.	Friday.	Mo., Mon.,	Month.
M.	Morning.	Pkt.	Packet.
A.	Afternoon.	Prev.	Previous.
E.	Evening.	Sat. ex.	Saturday excepted.
Ev.	Every.	Tues.	Tuesday.

LETTERS WEIGHING MORE THAN ONE OUNCE.

The postage of a letter above the weight of an ounce progresses as follows:—

When the amount in column E of the table of Colonial and Foreign Postage is found to be three times as much as in column A, as in the case of the Cape of Good Hope, the amount in column A is to be reckoned for every half ounce; when the amount in column E is found to be four times as much as in column A, as in the case of Hong Kong, the amount in column C is to be reckoned for every ounce after the first; when the amount in column E is found to be five times as much as in column A, as in the case of France, the amount in column A is to be reckoned for every quarter of an ounce.

OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter, addressed to go by a route that requires prepayment is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be returned to the writer.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter *a* prefixed to any division shows that the postage there entered does not carry the letter from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

TURKEY, MOLDAVIA, WALLACHIA.

In the case of letters forwarded via Belgium for other places in Moldavia than Botuschany, Galatz, and Jassy, or for other places in Wallachia than Bucharest and Ibraila, the writers should specify in the address to which of the above towns they desire their letters to be forwarded, and the rate as far as that town *must then be paid in advance*.

It is recommended that any letters for Erzeroum and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent in Samsoun or Trebizond, to be forwarded to their destination. Letters for such places in Turkey in Asia and Asia Minor as have no Austrian Post Offices, should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established.

The defenders are cited before this court on an inducie of six days; warrants to arrest on the dependence are issued; the decree may be extracted, and arrestments used upon it instantly; and it may be enforced, in all cases, by pointing and sale of the debtor's effects, and when above £8 6s. 8d. by imprisonment, all ten free days after its date. In case of the debtor removing to a different county, the decree may be enforced against him there, on being endorsed by the Sheriff Clerk of the county to which he removes. Judges—Sheriff and Sheriff-Substitutes of the county.

Note.—An act was passed in 1840, abolishing imprisonment for debts under £8 6s. 8d., excepting claims of aliment, &c.

FORM OF PROCEEDING IN THE RECOVERY OF SMALL DEBTS.

Debts may be recovered in a summary manner before the Justice of Peace Court to the extent of £5; and before the Sheriff Courts to the extent of £12.

The first step is set forth in a complaint or libel, agreeably to a prescribed form (the Clerks of Court will provide the necessary forms), the origin of the debt, or ground of action; and to cause a copy of the complaint, and of the account, if any, to be served on the defender by an officer; and a warrant will, at the same time, be obtained to cite witnesses.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorise; but in no case by persons practising the profession of the law, or by officers of Court, without special leave of the Court, on cause shown.

If the defender fail to appear after being cited, he will be held as confessed, and judgment will be given against him.

But when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a rehearing, on consigning the sums decreed for in cases before Justices, and in cases before Sheriff by consigning 10s. of expenses, on applying within three months from date of charge.

If decree in absence be given against the pursuer, he may, within one month, obtain a rehearing on consigning 2s. 6d., if the case be before the Justices; and the expenses decreed for, with 5s. to meet further expenses, if the case be before the Sheriff.

The case will be adjourned upon the pursuer or defender offering a suitable excuse, or if any witness be absent.

If decree be given against the defender, diligence may proceed against him by arrestment instantly; and by pointing and sale, and, if above £8 6s. 8d., by imprisonment, all at the end of ten days before the Sheriff; and by pointing and sale instantly, before the Justices.

If decrees be given against the defender in his absence, poiding and sale, or imprisonment, as above, can only follow after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decreed for by instalments.

The decrees of the Sheriff and of the Justices may be executed in any county, on the same being endorsed by the clerk of such county.

Any arrestment used in cases before the Sheriff must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed, on offering sufficient caution, or on showing evidence of absolvitor or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff, for making effectual arrestments; but in such cases both the defender and arrestee must be cited to appear in court on the same day.

Decrees, pronounced in this summary form by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary; or if there be no Circuit Court, by the High Court of Justiciary at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the judge.

Such decrees, when pronounced by the justices, will only be reviewable by a reduction before the Court of Session, on the ground of malice and oppression on the part of the justices, and such reduction will only be competent for one year, and finding caution for costs.

No person is exempt from the jurisdiction of justices or sheriffs in such cases, by reason of privilege as a member of the College of Justice.

Founded in Glasgow in 1855, by Mrs. Fredk. M. Kinnier, honorary secretary for Glasgow Auxiliary.

The meetings are held in the Lesser City Hall, South Albion Street, on the evenings of Monday, Wednesday, and Thursday in each week during the season. The part practisings of the chorus take place on Mondays—soprano and alto, tenor and bass alternately; general rehearsals, chorus and orchestra combined, on Wednesdays; orchestra alone on Thursdays.

The object of the Union is the cultivation of a taste for classical music, and for this purpose frequent public performances are given, in addition to the weekly meetings. The qualifications for membership are a good voice and ear, or knowledge of an instrument, combined with the ability to read music at sight. A committee meets monthly to test applicants for admission, who must previously make written application to the secretary. Gentlemen pay an annual subscription of 5s. Tickets in force for one year from date of entry.

The Union receives subscriptions entitling to tickets at four concerts during the season on the terms stated in undernoted excerpt from rules:—

SECTION III.—SUBSCRIBERS.

1. Ladies or gentlemen may subscribe to the concerts by an annual payment, which shall entitle each subscriber to two reserved places at four concerts, given by the Union during the currency of the subscription.

2. The subscribers will be entitled to attend only at the four principal concerts usually given by the Union, as under:—

Two (morning and evening) on 1st January.

One in February, March, or April.

One in October or November.

3. Subscriptions will be received at two rates: at £1 11s. 6d. for reserved places in principal part of concert room, and at £1 1s. for second seats—in all cases payable in advance.

4. Subscribers may enter at any time during the year (except when lists are full, when they are admitted as vacancies occur, and according to priority of application).

5. The council may authorise subscribers to attend or participate in the practisings of the Union; but such authority shall not be effectual beyond the season in which it has been granted.

6. Should the Union at any time decide on conducting or participating in a musical festival, the admission of subscribers shall be suspended at any time, and for such period as the council may determine; and the proportion of current subscriptions then applicable to any of the four concerts to which subscribers have the right of admission, shall be repaid.

or upon any part thereof, are two-third parts of the aforesaid rates. The second stage extends from the Old Ferry at Renfrew to the mouth of Dalmuir Burn; and the rates exigible thereon are one-sixth part of the aforesaid rates. The third stage extends from Dalmuir Burn to Newark Castle; and the rates exigible thereon are one-sixth part of the aforesaid rates.

The Rates on all Goods carried by Vessels moored or placed in the portion of the Harbour of Glasgow, between Glasgow Bridge and Hutchesontown Bridge, will, on and after 1st January, 1865, be reduced to one-half the rates specified in the Trustees' published table of rates, as authorized to be levied on the same description of goods respectively, when carried coastwise.

Goods on which the Reduction will be made, must, in terms of the Clyde Navigation (Glasgow Harbour Tramways) Act, 1864, consist of coasting traffic, and be destined to, or brought from places on the River or Frith of Clyde, within a straight line drawn due East and West, from the Cloch Lighthouse.

REGULATIONS FOR TIMBER YARD.

The Trustees of the Clyde Navigation will allow Timber, Deals, Battens, Staves, and Lathwood to be Landed and Stored on the ground at Stobcross Timber Yard, under the following regulations:—

I. All Timber to be Landed and Stacked in such manner as shall be directed by the Harbour Master.

III. After the expiry of the above four weeks, the timber will, if there is room, be allowed to remain in the South Yard for seven days longer; but if not wholly removed by that time, what remains will, without further notice, be removed at the risk and expense of the owner.

IV. No Rent will be charged for the first four weeks after the cargo is landed; thereafter Rent to be paid at the rate of one penny per ton per month, or part of a month, on oak, elm, ash, birch, fir, and pine; twopence per ton per month, or part of a month, on teak and crooked timber; threepence per ton per month, or part of a month, on mahogany; and sixpence per ton per month, or part of a month, on Brazil, ebony, and other fancy woods (50 cubic feet of fir timber to be computed one ton; 40 cubic feet of hardwood, one ton; 600 pieces of hoghead staves, one ton; 150 pieces of standard pipe staves, one ton).

V. When timber is sold by the importer or agent on the ground, he shall, notwithstanding, continue liable, not only for the rent previously due but also for the rent for one month after the date of the sale, and shall only be relieved of liability thereafter upon giving to the Harbour Master, at the expiry of said month, a list of the names of the purchasers whose timber shall not then have been removed.

VI. All rent and expenses to be paid before the timber is removed from the Yard.

VII. The Clyde Trustees undertake no responsibility for the safe custody of the timber, and it can only be allowed to remain in the Yard at the risk of the owner.

LIFE DEPARTMENT.

The Accumulated Premiums are over £1,650,000.

The Annual Income exceeds £170,000.

BONUSES have been declared on some Policies to an amount GREATER THAN THE SUM ORIGINALLY ASSURED.

PREMIUMS HAVE BEEN EXTINGUISHED where the parties assured have applied the Bonus in reduction of the Annual Premium.

The Bonus up to Christmas, 1864, was the eighth declared by the Company; the first being up to Christmas, 1828. The total Surplus divided amongst the Assured up to the present time, amounts to the sum of £1,253,106 in actual money, and is represented by a still larger reversionary sum payable at death. The next valuation will be made up to Christmas, 1869.

The sum of £4,301,661 has been paid during the existence of the Office for claims under Life Policies, of which amount a very considerable part was for Bonuses.

Persons assuring in Great Britain have the option of—

PARTICIPATING RATES OF PREMIUM, or of NON-PARTICIPATING RATES.

The Rates of Premium have been adjusted in accordance with a long experience, and bear equitably on all ages.

The Non-Participating Scale is particularly adapted to parties wishing to assure a fixed sum only, at a fixed rate of Premium, and on low terms.

Combined provision may be made for Old Age and Early Death, so that a person may secure a sum of money for himself, to be paid at a stipulated Age, if he should live so long, or to be paid to his Executors if he should die before that age. This feature in the ATLAS OFFICE arrangements deserves particular attention, as likely to meet the requirements of a large number of persons.

No extra Premium is required for the voyage to or residence in any part of Europe during peace; nor on the lives of persons in the Army or Navy while residing in the United Kingdom in time of peace.

Residence in countries beyond the limits of Europe is allowed on favourable terms; in most temperate climates without extra premium; a moderate charge being made for the voyage only.

Whole World Assurances are granted.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium, and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Mills, Manufactories, Sugar Houses, Distilleries, Warehouses, Stores, Ships Building, Ships in Harbour, Houses, Furniture, Stock-in-Trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover losses occasioned by the explosion of Gas. Losses occasioned by Lightning will also be paid.

FIRE DUTY now reduced to 1s. 6d. per cent. per annum on every description of Property, and no charge for Policies or Stamps.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92 Chesapeake, London; or to any of the Company's Agents.

PROGRESS OF THE COMPANY.

THE Number of LIFE POLICIES issued during the last four years of the current quinquennial period—viz., from 1st August, 1861—has been 4057.

INSURING SUMS TO THE AMOUNT OF . . . £1,841,199.

The next Investigation and Division of Profits takes place on 1st August, 1866, when the Profits during the five years preceding falls to be divided among the Policy-holders entitled to participate.

All Policies taken out before 1st of August, 1866, will share in the Division.

DIVISION OF PROFITS.

Each five years every Policy-holder entitled to participate receives a share of the Surplus in exact proportion to the Premiums paid during the five years, with accumulated interest thereon. The share of Profits so allocated is then converted into a Reversionary Bonus, according to the age of the party.

While this system gives to each an exact proportion, it will be found alike favourable to young lives, whose prospects of longevity are greater, and to parties entering at middle life or the more advanced ages; the Premiums paid by them being higher than at early ages.

FIRE DEPARTMENT.

In this branch of the Company's Business the Revenue has increased upwards of 50 per cent. during the last seven years, and now amounts to £56,000.

The Revenue of the Company from all sources is now £205,000, and has been derived from Business transacted in the United Kingdom alone—the Company not having any Foreign Agencies. When this fact is kept in view, as well as the active competition existing among Insurance Companies, it cannot but be regarded as very satisfactory that this Company has not only maintained, but has highly increased its Business and Revenue during the past year.

THE Company, established in 1823, has existed upwards of forty-two years, and has been Incorporated by Act of Parliament, for the purpose of carrying on the business of Life Assurance in all its branches, on the most liberal and improved principles. The success which has attended the Company since its commencement, and its annually increasing prosperity, is a gratifying proof that the principles upon which it is founded are calculated to confer great benefits on Assurers.

The following are the principal advantages given by the Company:—

MUTUAL ASSURANCE, without Liability. See English Law Cases for Call on the Policy-holders in a Mutual Insurance Society for Debts of the Society.

The guarantee of a responsible body of Proprietors, either personally or otherwise, assured with the Office, affords the most undoubted security to all classes of Assurers, in addition to the accumulated and invested fund of the Company.

NINE-TENTHS of the WHOLE PROFITS Septennially divisible among the Assured.

AN INTERMEDIATE BONUS, subject to an Annual Declaration, between one investigation and another.

All the advantages of an Annual Division are thus given, without its attendant evils.

THE MOST EQUITABLE PRINCIPLE OF DIVISION.

The greatest benefits are thereby bestowed upon all *first class lives*, by no undue Bonus being paid away to those who may die early.

RATES OF PREMIUM EXTREMELY MODERATE.—The non-participation scale very favourable for security on Loans, or for partnership Insurances. Policies may be effected by Yearly, Half-yearly, or Quarterly Premiums, or on Half-credit System, or Ascending Scales.

Under Five Declarations of Bonus, the last of which was made at 31st August, 1863, the following are a few examples of Total Bonus Additions declared on some of the existing Policies of the Company, according to age and endurance:—

No. of Policy.	Age at Assuring.	Sum Assured. £	Total Bonuses, 31st Aug., 1863.			Rate per Cent. of Bonus.

Later Entrants have received Bonuses proportionate to their endurance and payments.

Bonuses may be surrendered for Cash, or applied in reduction of the annual premiums. By this latter course, several of the oldest Policy-holders have redeemed their Premiums, with a Bonus still attaching to the Policy, and increasing.

LIFE DEPARTMENT.

THE Arrangements of this Office are based on principles that have been verified by experience.

The Rates of Assurance of fixed sums are very moderate.

Extra Premiums for Foreign Residence have been dispensed with to a great extent, and a very important rule has been adopted to protect the interests of parties holding Policies on the Lives of others, who may incur extra risks without the knowledge of the holders.

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums according to a fixed rule, is *guaranteed*, besides the value of vested Bonuses where such have been declared.

According to the constitution of the Company, Investigations must be made at intervals not exceeding five years. The last Investigation took place at 31st January, 1862, when Bonuses were added to all Assurances of the Participation Class; and the following results of this and previous declarations may be stated.

- | | |
|--|------------|
| 1. A Policy for £1000 on which 7 years' premiums had been paid was increased in 1862, to £1098 | 2 10 |
| 2. A Policy for £1000 on which 12 years' premiums had been paid was increased to | £1170 15 7 |
| 3. A Policy for £1000 on which 17 years' premiums had been paid was increased to | £1248 19 1 |
| 4. A Policy for £1000 on which 22 years' premiums had been paid was increased to | £1319 16 2 |

A further Bonus is also payable on Policies, to which vested additions have been made, becoming Claims before next Investigation—an arrangement which secures for such cases advantages similar to those of Annual Investigations.

POLICIES are *indisputable* after five years, if the age of the Assured is admitted.

FOURTH DIVISION OF PROFITS.

A SPECIAL GENERAL MEETING of the PROPRIETORS was held on Friday the 4th May, 1866, to receive the Report of the FOURTH INVESTIGATION of the AFFAIRS of the ASSOCIATION as at Christmas, 1865.

Prior to the VALUATION, a strict scrutiny of the SECURITIES on which the FUNDS of the OFFICE are invested, both in England and Scotland, was undertaken by Committees of the Directors in London and Edinburgh. THE POSITION OF EACH TRANSACTION WAS CAREFULLY EXAMINED, AND IN EVERY CASE IN WHICH LOSS OR DEPRECIATION HAD OCCURRED, THE AMOUNT, AS FAR AS COULD BE ASCERTAINED, WAS WRITTEN OFF.

THE VALUATION of the POLICIES has been made by JOHN HILL WILLIAMS, Esq., F.I.A., the Actuary of the Association. Each Policy has been valued separately, and the Net Premiums only have been taken into account. All the calculations have been made in duplicate, and the results compared and finally settled with great care.

From the ACTUARY'S REPORT, and the relative STATEMENTS and GENERAL BALANCE SHEET, it appeared that the ASSETS and LIABILITIES of the OFFICE, as at Christmas 1865, stood as follows:—

TOTAL ASSETS, including the Present Value of the NET PREMIUMS,.....	£1,462,578
TOTAL LIABILITIES, including the Present Value of the SUMS ASSURED and previous BONUS ADDITIONS,.....	£1,399,860

Leaving a FREE DIVISIBLE SURPLUS of.....	£63,218
without encroaching on the Reserve for future Expenses and Profits.	

IN ACCORDANCE with the PROVISIONS of the DEED of CONSTITUTION and the Resolutions of previous General Meetings, the Meeting proceeded to appropriate the declared Surplus in manner following:—

1. TO THE ASSURED:—To provide for the following REVERSIONARY BONUS ADDITIONS to all Policies entitled to participate in Profits:—

- (1.) An Addition to all PARTICIPATING POLICIES, effected for the WHOLE TERM of LIFE and in force at the date of Investigation, of a REVERSIONARY BONUS at the rate of ONE-AND-A-HALF PER CENT. PER ANNUM on the SUM ASSURED, for every FULL ANNUAL PREMIUM paid since the previous Division of Profits.
- (2.) An Addition to the ENDOWMENT POLICIES, entitled to participate in Profits, of a REVERSIONARY BONUS at the rate of ONE PER CENT. PER ANNUM on the SUM ASSURED, for each FULL ANNUAL PREMIUM paid since the previous Division of Profits.

The Present Value of such Reversionary Bonuses,.....	£55,831
--	---------

2. TO THE PROPRIETORS:—Ten per CENT. of the Divisible Surplus, to be applied by way of INCREASE, during the next FIVE YEARS, to the ORDINARY DIVIDEND on their Shares,.....

	6,321
--	-------

Making a Total of,.....	£62,152
And leaving a Balance to be reserved of,.....	1,066

£63,218

THE REVERSIONARY BONUS ADDITIONS may be converted, at the option of the Policyholders, into

1. AN IMMEDIATE CASH PAYMENT of the Present Value of the Bonus, or
2. AN EQUIVALENT REDUCTION of PREMIUM for the Remainder of Life, or during the next Five Years.

THE BONUS ADDITIONS are not deferred, but vest immediately on declaration.

THE NEXT QUINQUENNIAL INVESTIGATION WILL TAKE PLACE AT CHRISTMAS, 1870. POLICIES EFFECTED DURING 1866 under FULL ANNUAL PREMIUMS WILL BE ENTITLED TO FIVE YEARS' BONUS ADDITIONS AT THE DIVISION OF PROFITS THEN TO BE MADE.

NINE-TENTHS OF THE PROFITS ARE DIVIDED AMONG THE ASSURED EVERY FIVE YEARS, NEW ENTRANTS PARTICIPATING AT EACH DIVISION.

The Directors invite special attention to three most vital considerations:—

First, By publishing the details of their BALANCE SHEET, and of the principles adopted in their periodic investigations, they enable every one interested to judge of the SOUNDNESS and STABILITY of the Company, and give the best guarantee for continued prudence in all their operations.

Secondly, Whilst making the ample provision for future liabilities, of which the evidence has just been referred to, they have made BONUS ADDITIONS to their policies in their Life Assurance Branch at the rate, successively, of ONE POUND, ONE POUND FIVE SHILLINGS, and ONE POUND TWELVE SHILLINGS AND SIXPENCE *per cent. per annum*. These Bonuses will stand a favourable comparison with those declared by the oldest and most successful Life Offices in Scotland, whether mutual or proprietary, when the relative rates of premium are taken into account.

Thirdly, Whilst thus providing for safety on the one hand and for liberal Bonuses to the Assured on the other, the Directors have had the satisfaction of accumulating such large additions to the PAID UP CAPITAL and RESERVE as have greatly increased the security of the persons insured, and at the same time improved the value of the Stocks to the Shareholders in a degree which far exceeds the experience of the great majority of Scottish, as well as English Offices, notwithstanding the greater age, and in some cases the more extensive transactions, of these Offices.

Every description of LIFE ASSURANCE, FIRE INSURANCE, AND ANNUITY BUSINESS,
transacted on the most favourable terms.

Our CABINET HARMONIUM-ORGANS are the most suitable reed instruments yet introduced for Chamber Music. See the following extracts from THE PRESS:—

"These improvements are undoubtedly of much value."—*Glasgow Herald*.

"Its superiority over the old instrument is very decided."—*Christian News*.

"The success they have obtained in modulating and improving the tone gives the performer the most complete command over the instrument."—*Glasgow Citizen*.

"Messrs. Gilmour have produced an instrument that, under the fingering of even the tyro, can be modulated to the softest cadence, or breathed forth 'in linked sweetness long drawn out,' or at once raised into the full powerful roll of the organ."—*North British Daily Mail*.

"These improvements will make the HARMONIUM a much more popular domestic instrument."—*Morning Journal*.

TO THE BRITISH SEWING MACHINE CO.

GENTLEMEN,—I beg to say that the Prize offered by our Agricultural Association was awarded to you for the Best Sewing or Stitching Machine—The "Alexandra" (Pitbeam's Patent) Lock-Stitch Sewing Machine—in competition with the Wheeler & Wilson's Sewing Machine.

Yours respectfully, **JOHN DUGDALE, SECRETARY.**

Show Meeting, April 6th and 7th, 1865.

Seven Substantial Reasons why Ladies should Choose the ALEXANDRA Sewing Machine.

- | | |
|------------|---|
| 7 REASONS. | First.—THE ALEXANDRA is the most efficient of all existing Machines, producing all kinds of work in all materials, from the finest muslin to 24 plies of strong jean. |
| 7 REASONS. | Second.—THE ALEXANDRA is a marvel of simplicity, in respect of its exquisite mechanism, which is easily understood, and easily manipulated. |
| 7 REASONS. | Third.—THE ALEXANDRA is noiseless, obviating the great objection to the older Machines which could not be introduced into quiet houses. |
| 7 REASONS. | Fourth.—THE ALEXANDRA will not fatigue the most delicate Lady. It is so easily worked that the tiny foot of a child has driven it with ease. |
| 7 REASONS. | Fifth.—THE ALEXANDRA is a compact Machine and elegant in appearance. |
| 7 REASONS. | Sixth.—THE ALEXANDRA is remarkable for its speed. |
| 7 REASONS. | Seventh.—THE ALEXANDRA is the Cheapest Lock-Stitch Machine in the World. |

THE BRITISH SEWING MACHINE COMPANY (LIMITED), BRITANNIA WORKS, GLASGOW, are now preparing a Book of Testimonials, which will fully establish the claim of the ALEXANDRA to the high rank it now holds in GREAT BRITAIN AND IRELAND.

The Machine can be seen in operation at the Show Room of the

P.S.—All Orders punctually attended to, and delivered by his Vans at the proper time.

Macpherson Street,
GLASGOW, May, 1866.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee Beans of Commerce. It may be remarked, as a singular fact in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly, at the same time, deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact, that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the developement of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject says:—I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed, than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Macpherson Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

OLD REMINISCENCES OF GLASGOW

AND THE

WEST OF SCOTLAND.

BY PETER MACKENZIE.

MR. MACKENZIE, who was for many years Editor and Proprietor of the *Glasgow Old Loyal Reformers' Gazette*, has been earnestly requested by numerous friends to bring out a volume or two of his REMINISCENCES, from facts placed within his own knowledge, and never before published in any concise or authentic shape. He therefore intends to begin with the extraordinary History of the Spy system pursued in Glasgow in the days of Lords SIDMOUTH and CASTLEREAGH, which he originally detected and brought to light many years ago, leading to the remarkable State Trials of 1819-20—to the dread Executions which then took place—to the *Exposé* of RICHMOND, the Villain Spy—and to many other thrilling events; including some remarkable Trials in which Francis Jeffrey, James Moncrieff, and Henry Cockburn took part, with the present Lord President, &c.

From the Epitome of the Spy system he will go on to handle other topics—the materials and evidence concerning which are exclusively in his own possession; and being the oldest Newspaper Editor now alive in Glasgow, or in Scotland, he ventures somewhat hopefully to think that he will be able to make the work on which he has now entered peculiarly interesting to the present age.

DEAFNESS.

ANNUAL REPORT

BY

S. E. SMITH, Esq., M.R.C.S.E.,

94 WEST REGENT STREET, GLASGOW,

Of Cases of Deafness, Diseases of the Ear, Throat and Nose, Treated by him during his First Twelvemonth's Residence in Scotland.

Patients from		Cures.		Under Treatment.	
2 to 21 years of age,	178	139
" 21 to 40 "	321	277
" 40 to 60 "	146	97
" 60 to 90 "	88	51

IN the above Table the majority of the Cases proceeded from different causes, and required totally different treatment; and it will be observed that the ages vary from childhood to an advanced period of life—namely, many from 60 to 90 years of age, who had suffered from Deafness for 20 or 30 years. In several of the young cases the speech and hearing were both defective. Many interesting Cures of this nature are included in the Table.

Deafness prevails to a greater extent in Glasgow and the neighbourhood than in any other town in the United Kingdom in proportion to size. This may be accounted for by the trades of the district, the habits of the population, and atmospheric changes. Amongst the occupations producing a direct influence upon the Membrana Tympani and Tympanum, may be enumerated boiler making, riveting, the noise from machinery, in fact, all situations in which the vibrations are rapid and excessive. The effect is much greater upon men who enter upon such employment late in life than on those who follow them from youth. In all cases the mischief might be prevented to a great extent by perfect cleanliness of the ears, and wearing in them while at work a good non-conductor (plugs of cotton-wool, for instance). Next may be enumerated trades having an influence over the Ceruminous Glands, including all those in which the work-people are obliged to labour in excessive heat—namely, glass and bakehouses, furnaces, &c., &c. Many of the ill effects of labouring in such an atmosphere are due to the indiscretion of the work-people suddenly exposing themselves to currents of cold air, producing thereby rapid action of the glands, or an abundance of the secretion commonly called wax of the ear, in many instances completely closing the passage of the ear in a few hours. In some constitutions the effect is, however, totally opposite; the secretory power of the glands is checked, the ear becomes perfectly dry, and the hearing more or less dull, a certain portion of wax in the passage being a necessity for a healthy state of hearing. Next may be considered trades having an influence over the throat and respiratory organs; those occupations in which the workers inhale a certain amount of dust and the products of their trade—for instance, bakers, stone masons, grinders, moulders, &c.—the Throat, Air Passages, and Tympanum frequently becoming complicated; atmospheric changes also operate very powerfully upon this class of diseases. These few remarks refer to the minor causes of Deafness produced by trade influences, without reference to the numerous diseases to which the organ of hearing is liable from more complicated affections. Deafness, indeed, arises from more than 300 different causes, each requiring its own peculiar mode of treatment. It will, therefore, occur to the reader the impossibility of giving a correct opinion without a personal examination of the patient, such being required to enable a proper diagnosis to be made, after which, except where special operations are required, the case may be treated at a distance.

In answer to numerous letters received by Mr. SMITH requesting his advice, he begs to state that he will not undertake any case without one personal consultation.

N.B.—Hours of Attendance at 94 West Regent Street, Glasgow, during the Summer Months, commencing from the present time, will be from Eleven till Three o'clock daily (*Saturdays and Sundays excepted*).

ROTARY KNIFE CLEANING MACHINES.

THE GUINEA FURBATOR has been devised to supply a desideratum to the million, and as a remedy for that plague of the kitchen—the dirty and inconvenient knife-board. It is a complete practical success, exceeding every expectation formed of it, being an infinite improvement over the board as a means of knife-cleaning, and altogether an extraordinary example of utility and economy combined.

CAUTION.—Exhibition Fireworks being a different class of Goods to Shop work, the following Caution is requisite. There are *Toy dealers*, and a *Party in Glasgow and Edinburgh*, who merely deal in Fancy Toy Fireworks, who have the *presumption* to solicit orders for Displays (and even term themselves Artists), who have really no practical knowledge of the art, or even the slightest particle of Machinery or Apparatus for the same. Therefore, T. C. BARLOW would advise those gentlemen who contemplate getting up an Exhibition to commemorate any event, to demand *Designs* of the set Devices, the size of each, and specification of the Aerial part of the Display, or they will merely get a quantity of small Rockets, Squibs, Jack-in-Boxes, Roman Candles, &c., and such small work, which are only fit for the amusement of juveniles.

* See continuation of Advertisement on such other pages of this Publication.

T. C. BARLOW particularly requests it to be observed the above List of Prices is for the Best Ordinary Fireworks, but should the Pieces be enlarged or beautified to any considerable extent, an additional charge will be made, proportioned to the increase of labour and material.

"With reference to the Meriton Patent Marine Governor you fitted in the S.S. *Stettin*, I may state that I had opportunity of trying it thoroughly for some time now, and in particular, during two days of continuous heavy weather. I have no hesitation in saying that it is equal (to say the least) to any that I have worked, and I learn that it works equally well in the other vessels you fitted running from this port.

GEORGE DONALDSON, Chief Engineer.

HAMBURG, Mars 19, 1861.

D. CUNNINGHAME,

APPOINTED SOLE AGENT IN SCOTLAND BY THE PATENTEE,

A GAIN solicits attention to these really useful and efficient Hand Printing Machines, which may be seen in operation in the different Banks, Railway and other Public Offices, &c., where they have superseded all other kinds of printing by hand. Their utility is most valued where they have been longest in use.

They are suited to print Names, Dates, &c., on *all kinds* of Documents, Tickets, &c., where there is repetition. Where they have been introduced many uses for them have been found, though not previously thought of.

Any number of Stamps, different styles and sizes, and various colours of Ink can be used in one Machine.

D. C. reminds his friends that he continues to supply all the different kinds of Printing Machines, so that customers may have a variety for selection. From his arrangements he adds to his Stock everything new as introduced, although in this matter he has followed his usual practice of *giving prominence only* to such articles as are sure to give permanent satisfaction. He has been much gratified at the wide and extensive demand these Machines have made for themselves; they are now as favourably known as his Embossing Presses.

“Whether it be from the originality of the form of the exposition of your affairs in 1859, or whether from the degree of success attained in the effort made at that time to convey information on a subject generally considered abstruse, in language intelligible to ordinary readers, it is at any rate certain that the statements made have been followed by an extension in the Life Department during the subsequent five years, which exceeds all that could have been expected as a consequent result.”

“It is difficult to moderate the expression of my satisfaction and thankfulness in having had the rare opportunity of announcing now on three successive occasions, as the result of my computations, so large a Bonus as is represented by the above figures.”

BONUS YEAR, 1866.

In the *Scottish Widows' Fund*

THE LARGEST MUTUAL LIFE OFFICE
IN THE WORLD

**The Whole Profits are divided
among the Members.**

The Extent and Profitable Result of the Society's Business, and the prospects of its Policyholders, are sufficiently indicated by the following facts :

Magnitude and Wealth.

Existing Assurances, including Bonus additions	£18,700,000
Invested Funds	4,230,000
Annual Revenue	537,000

Profit Realised.

Profit from 1815 to 1845, 31 years	£708,968
Profit from 1846 to 1852, 7 years	* 591,158
Profit from 1853 to 1859, 7 years	* 724,117
Total Profit to 1859	£2,024,243

* These large surplus sums of £591,158 and £724,117 yielded on the original *Sums assured* an average

Bonus of £2:5s. per cent per annum,

Believed to be the **LARGEST BONUS** declared by any Life Assurance Institution since the Society was founded in 1815.

By Division among the Policyholders

of the whole of the above

Enormous Surplus, exceeding Two Millions Sterling,
their Policies amounted in 1865 to the Sums in the following Table—

Policy Issued.	Amount of £1000 Policy.	Amount of £2000 Policy.	Amount of £3000 Policy.	Amount of £5000 Policy.
1815	£2583 5 3	£5166 10 6	£7749 15 9	£12,916 6 3
1825	2034 5 10	4068 11 8	6102 17 6	10,171 9 2
1835	1729 4 2	3458 8 4	5187 12 6	8,646 0 10
1845	1417 15 10	2835 11 8	4253 7 6	7,088 19 2
1855	1191 19 7	2383 19 2	3575 18 9	5,959 17 11

The success which has attended the operations of the Society since last Division of Profits in 1859 has far exceeded anything in its previous history (see *Results, next page*).

BONUS YEAR, 1866.

New Business in 1865.

New Assurances exceed £1,040,000
New Premiums (two single Premiums £411) exceed 35,000

This immense New Business does not include any "Re-assurances with other Offices" (as is usual in Life Assurance accounts), not a single Policy having been issued above the Society's limit of risk.

Progress since last Bonus.

	1860.	1865.
New Assurances	£380,305	£1,040,000
Invested Funds	3,518,230	4,230,000
Annual Revenue	412,767	537,000
Interest on Investments	£4 p. c.	£4 : 7s. p. c.

The Progress made in every Branch of the Society's Operations, as disclosed by the above Figures, affords the most conclusive evidence of the high position held by the Scottish Widows' Fund in public estimation.

Public Usefulness.

Claims paid since 1815 £5,020,000
Claims paid in 1865 alone 331,563

Claims are paid in full on the simple receipt of the parties entitled thereto in virtue of the Policy itself, or of Assignments, or under English, Irish, or Scotch Administration granted in their favour.

The current Bonus-accumulating Period

has been remarkable for the improved return yielded by the Investments, as well as for the unprecedented increase which has taken place in the new Business. It is therefore anticipated that the surplus for Division at 31st December next will be an unusually large one. In that Division

Every Policy issued in 1866 will participate.

MUTUAL LIFE ASSURANCE.

THE CORPORATION OF

The Scottish Provident

Established 1837.

Institution.

Incorporated 1848.

No. 6 ST ANDREW SQUARE, EDINBURGH.

GLASGOW BRANCH, 67 ST VINCENT STREET.

THIS SOCIETY differs in its principles from any other Office.

INSTEAD of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A Policy for £1200 to £1250 may thus at most ages be had for the Premium elsewhere charged to assure £1000 only; while the result of the equitable mode of reserving the surplus has been, that Policies originally for £1000, which have shared at two septennial Investigations, have already been increased to £1800, £1500, and even to £1700—to be further increased (in the case of those which may then subsist) at the Division of Profits to be made at the close of the present year.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers; and they are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is of importance to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

THE DIRECTORS' REPORT to the *Twenty-eighth Annual Meeting* stated that "*the progress of the Institution in the year 1865 is the most favourable which they have yet had the satisfaction of reporting.*" The New Assurances were 1030, for £501,905 : 13s., with £16,232 : 5s. of Premiums. The claims were only £53,123 : 19s., being little above one per cent. on the amount assured. The Accumulated Fund, which amounts to £1,133,471 : 2 : 7, had increased by £110,000 in the course of the year.

ROBERT CHAMBERS, LL.D., in moving its approval, referred to the distinctive principle of the Office—the reservation of the Surplus—as "*one which I always find and recommends the Institution very much to strangers, when I have had occasion to discuss with them the characteristics of the various Offices.*"

Above 15,000 Policies have been issued. The Subsisting Assurances exceed Five Millions. The Annual Revenue is £200,000. The Accumulated Fund, arising entirely from Premiums, is upwards of £1,130,000,—the whole of which is invested in unexceptionable securities in this country.

The Rates of all the Offices will be found in Letts' Diary, &c. A comparison will show how very favourable are the terms of this Institution to Assurers.

TRANSFER OF ASSURANCES.

FROM the lowness of these Rates, this Society is peculiarly suited to the case of those who have joined Offices of less established position, and may wish to transfer their Assurances. Even after 10 or 12 Years, there may be a pecuniary gain in surrendering the existing Assurance, and opening a new one with this Office.

TABLE OF PREMIUMS, PAYABLE FOR TWENTY-ONE YEARS ONLY,

Thus a person of 30, if unwilling to burden himself with payment during his whole life, may secure a Policy for £1000 for a Premium of £27 : 13 : 4, limited to 21 yearly payments—being thus relieved of payment before he has passed the prime of life, for a Premium little higher than most offices require during its whole term.

To PROFESSIONAL MEN, and others whose income is dependent on the continuance of health and activity, this mode of Assurance is specially recommended.

Tables of Premiums to cease after 7, 14 or other number of years, may be had.

REPORTS with full Tables of Rates, and every information, may be had at the HEAD OFFICE, at the Branches in LONDON, GLASGOW, &c., or from any of the Agencies.
